 - Safe and Free: these can collide with each other. Love is key.
 - The plan for allowing vocal gifts re safe and free.
 - Outreach should be based on real needs, not what we want to do.
 - We don't want to be judgmental. This isn't the place for hate bandwagons. See the harvest. Love your brother.
 - Good Hope Quality -If you're going to do something endeavor to do it well.
 - Other basics that aren't covered in Parts 4 and 5:
 - Respect the hour and fifteen.
 - Missions and evangelism are very important to us.
 - No dress code beyond clean and modest.
 - Church should be fun too.
 - We want all age groups here, know what that requires.
 - Coffee time before and after church!
 - Current building situation: Some services can be very crowded. You can help by scooting to the inside.
 - There are lots of good churches in town.
 - We're going to try to hit the basic truths.
 - Expectation of growth:
 - As a church: "I like my life boats roomy."
 - As individuals. Don't strive to be the worst Christian you could be but still get into heaven.
